

InstallMyTech

IT help for small LA offices. Fixed prices, no contracts. | installmytech.com | hello@installmytech.com

Fixed-price services

IT Health Check

\$249-\$399 flat

An onsite review of your network, accounts, backups and security, with a plain-English written report.

New Computer and Employee Setup

\$99-\$149 per device

Get new hires and new machines productive on day one: accounts, email, security and printers.

Business Wi-Fi Setup

\$499-\$1,200 + hardware

Reliable, secure office Wi-Fi with a separate guest network, configured on your existing wiring.

Microsoft 365 and Google Workspace Setup

\$600-\$1,500 (up to 10 users)

Set up or move email, files and calendars to Microsoft 365 or Google Workspace on your own domain, without the chaos.

Data Backup Setup

\$299-\$699 + storage/subscription

Automatic, encrypted backups of your computers, files and cloud accounts, tested so you know they restore.

Office Move IT Support

\$95-\$150/hr, 2-hour minimum

Moves, reconnects and equipment installation scheduled evenings and weekends, so your team never loses a workday.

IT Consulting

\$95-\$150/hr, 1-hour minimum

Straight answers on technology decisions: what to buy, what to move to the cloud, and how to keep things secure.

Managed IT Support Plans (month-to-month, 30 days' notice)

Essentials

\$99/mo + \$35/user

Monitoring and updates, monthly backup check, email help (replies usually within a few hours), discounted onsite rate

Standard

\$149/mo + \$50/user

Everything in Essentials, plus Microsoft 365 / Google Workspace admin, new and departing user setup, quarterly IT review

Priority

\$199/mo + \$75/user

Everything in Standard, plus first in line for remote help, one evening/weekend onsite visit per quarter, annual IT Health Check

How it works

- **Free 30-minute IT check:** a short call or evening/weekend visit
- **Written, fixed-price quote** before any work begins
- **Onsite work evenings and weekends**, after you close; remote help by email
- **Handoff documentation;** your accounts stay in your name

Prices are starting ranges for typical offices of 1-15 people and may change; your written quote is final. Hardware, software licenses and subscriptions are extra and purchased in your business's name. We configure and support technology on existing wiring; we do not run cabling or perform low-voltage contracting work. Not 24/7 emergency coverage.
